HQSSH200

MANUAL (p. 2)

4port HDMI splitter

ENGLISH

Introduction:

This is a digital audio/video splitter device. It splits and transmits audio/video signal for devices that have a HDMI interface. With this device, there are no connection wires and no complex control is required. This device allows users to enjoy high quality audio/video.

Features:

- HDMI input connector: 1x HDMI type A 19 pin female
- HDMI output connector: 4x HDMI type A 19 pin female
- Operation function: Automatic
- Supports: Up to Full HD 1080p
- Supports: Deep colour 24/36bit
- Supports: LP CM/Dolby-AC3/DTS7.1/DSD
- HDMI HDCP 1.2 compliant: Any switch must pass HDCP data between source and monitor
- Plug and play: No software installation required. Installs in minutes

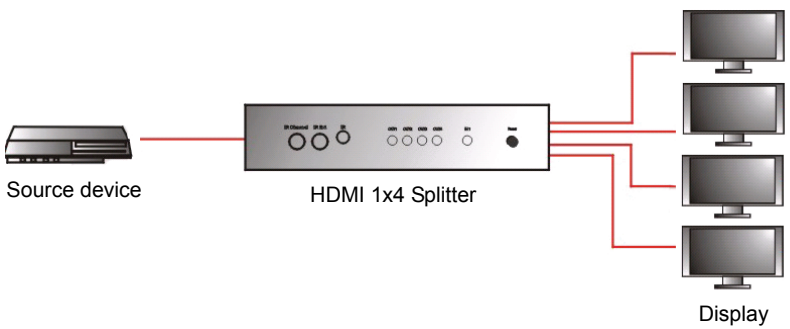
Setup description:

- Connects a HDMI cable to the HDMI interface connector of an output device such as a DVD player or set-top box.
- Connects the other end of the HDMI cable to the output port of this splitter.
- Turns on the device and TV's.

Operation description:

Just turn on the splitter device and TV screens. The splitter will automatically pass the input signal to all connected TV screens.

Connections:



Safety precautions:

To reduce risk of electric shock, this product should ONLY be opened by an authorized technician when service is required. Disconnect the product from mains and other equipment if a problem should occur. Do not expose the product to water or moisture.

Maintenance:

Clean only with a dry cloth. Do not use cleaning solvents or abrasives.

Warranty:

No guarantee or liability can be accepted for any changes and modifications of the product or damage caused due to incorrect use of this product.

General:

Designs and specifications are subject to change without notice.

All logos brands and product names are trademarks or registered trademarks of their respective holders and are hereby recognized as such.

Keep this manual and packaging for future reference.

Attention:

This product is marked with this symbol. It means that used electrical and electronic products should not be mixed with general household waste. There is a separate collections system for these products.
