---

## CITRONIC DJ PLATFORM

**NOTE:** Before starting the installation, make sure you have read and completely understand these instructions.

### IMPORTANT!

- Check to ensure that all parts are supplied. If any are missing contact your retailer
- Check the below measurements of your product to correctly select the right plate for your needs.

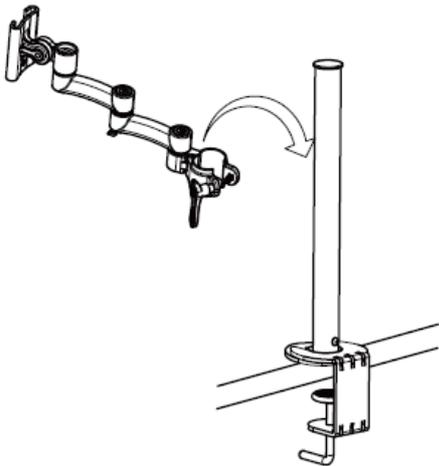

### In the box:

1 x Allen wrench	1 x Plate 1: 370 x 278 x 14mm
4 x M6 x 20 screws	1 x Plate 2: 375 x 325 x 14mm
1 x Plastic stopper	1 x Desk top
1 x Stopper screw	1 x Desk Clamp
1 x Adjustable arm	1 x Bracket to mount to plate

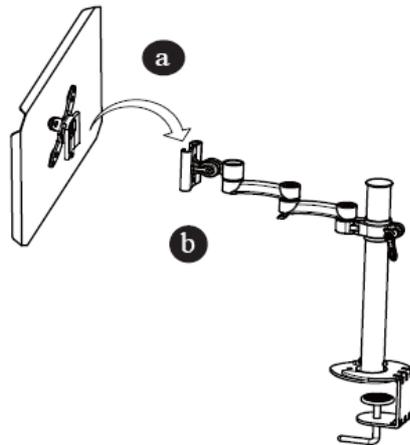

### Tools required for the installation:

1 x Phillips Screw Driver

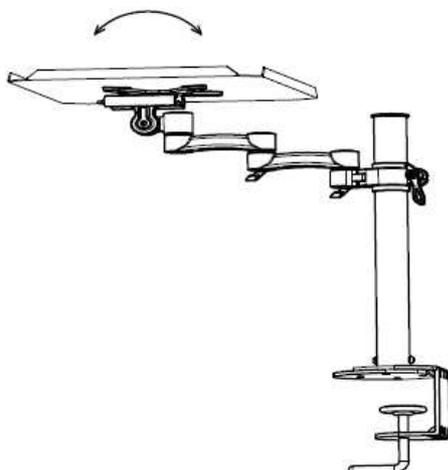

1. Securely fasten the desk pole to the desk and tighten to ensure no movement:

2. Attach your selected sized plate to the arm of the bracket and secure with the plastic stopper and screw

3. Turn the knob under the plate to adjust the angle of the plate.
